EXECUTIVE OVERVIEW & PEDAGOGIC PURPOSE

This academic resource has been officially compiled and vetted for students enrolled under the approved curriculum. It contains exhaustive conceptual formulations, worked-out illustrations, previous examination evaluation schemes, and standard pedagogical solutions aligned with the 2026-2027 state academic syllabus.

Unit 1: Accounting Principles & Golden Rules

1.1 The Golden Rules of Accounting

Personal Accounts (Individuals, Firms, Companies): Debit the Receiver, Credit the Giver.

Real Accounts (Tangible & Intangible Assets): Debit what comes in, Credit what goes out.

Nominal Accounts (Expenses, Losses, Incomes, Gains): Debit all expenses and losses, Credit all incomes and gains.

- â€¢ Business Entity Concept: Business is treated as completely distinct from its proprietor.
- â€¢ Going Concern Concept: Assumption that the enterprise will continue operating for an indefinite future.
- â€¢ Dual Aspect Concept: Every transaction has equal and opposite debit and credit entries (Assets = Liabilities + Capital).

1.2 Bank Reconciliation Statement (BRS) Formulations

A BRS reconciles timing differences and errors between the Cash Book (Bank column) and the Bank Pass Book.

Add to Cash Book: Cheques deposited but not credited, interest credited by bank directly.

Deduct from Cash Book: Cheques issued but not presented, bank charges debited directly.
